Getting Started on LYNAVOY

Comprehensive support for patients
on LYNAVOY

See inside for support program details

You have options

Two pathways to get started with LYNAVOY

1

Our exclusive specialty pharmacy partner.

PANTHERx Rare provides support for prescription fulfillment, prior authorization processes,* and insurance coordination to help facilitate patient access to prescribed treatment.

Three ways to submit a LYNAVOY prescription (40 mg twice daily):

E-Prescription

Submit electronically through your EMR/ e-prescription system

• **Pharmacy Name:**

PANTHERx Specialty Pharmacy or PANTHERx Rare Pharmacy

• **NCPDP ID:** 6008002

Fax

Send directly to PANTHERx Rare

• **Fax:** 1-877-912-0734

Phone

Call in verbal orders

• **Phone:** 1-866-347-0951

ICD-10 Codes: Primary Biliary Cholangitis (PBC): K74.3 | Cholestatic Pruritus / Pruritus Associated with PBC: L29.8 | Pruritus, unspecified: L29.9

Optimize approval speed

To expedite processing and avoid delays, please include:

- Relevant chart notes documenting diagnosis and symptom severity
- Recent lab results (liver function tests, bilirubin levels)
- Patient insurance card information (front and back)
- Any prior authorization documentation from your office

PANTHERx Rare contact information

PANTHERx Rare Specialty Pharmacy Address: 121 Bayer Road, Building 5, Pittsburgh, PA 15205 NCPDP ID: 6008002

Phone: 1-877-912-0734

2

Your patients. Our commitment.

Your patients can expect comprehensive, personalized support throughout their prescription journey. An Interconnect Care Manager will contact your office after your patient is enrolled in Interconnect.

Three ways Interconnect can support your patients:

Co-pay Savings Card

Patients with commercial insurance may be eligible for the Interconnect Savings Program for LYNAVOY, and may be able to pay as little as \$0[†] per month.

Personalized Support

Ongoing personalized support and check-ins, tailored to individual patient preferences.

Education

Informational resources for your patients, including refill reminders and answers to questions about their prescription.

Interconnect contact information

• **Fax:** 1-833-636-1742

• **Phone:** 1-844-622-4278

*Prior authorization support is limited to administrative activities (eg, benefits investigation, documentation coordination, and status tracking). Clinical determinations, submissions, and appeals remain the responsibility of the prescribing healthcare provider.

[†]Offer not valid for patients enrolled in Medicare, DoD, VA, Medicaid, or other federal or state healthcare programs. For program terms, conditions, and eligibility criteria, visit www.interconnect.com.

For more information, visit interconnectsupport.com.

Lynavoy
(liverixibat)
40 mg tablets

Comprehensive support designed to help your patients start their prescribed therapy

Lynavoy
(linerixibat)
40 mg tablets

We've partnered with leading specialists to support you and your patients:

- Healthcare providers may send the prescription directly to PANTHERx Rare, the exclusive specialty pharmacy for LYNAVOY, or they may enroll the patient in Interconnect.
- Enrollment in Interconnect is not required to prescribe LYNAVOY, and patients can be enrolled at any point in their treatment journey.

PANTHERx Rare

PANTHERx Rare provides support for prescription fulfillment, prior authorization processes,* and insurance coordination to help facilitate patient access to prescribed treatment.

Interconnect Care Managers

Interconnect provides additional patient support services, including financial assistance programs, co-pay support, personalized education, and ongoing adherence support.

LYNAVOY Support Team

The LYNAVOY Support Team is also available to provide reimbursement guidance throughout the patient journey.

Our goal is to support patient access to LYNAVOY and provide resources throughout the treatment journey.

Access patient support resources through PANTHERx Rare and Interconnect.

*Prior authorization support is limited to administrative activities (eg, benefits investigation, documentation coordination, and status tracking). Clinical determinations, submissions, and appeals remain the responsibility of the prescribing healthcare provider.
